Frequently Answered Questions (FAQ's) PLEASE READ!!

Click EVENT INFO > SCORECARD

The list of all the fish will show that you have logged. Under each log will show if the data & image has been received. For example:

If it reads : **IN REVIEW, image received**, the data has gone to TMF for scorechecking

If it reads : **IN REVIEW, no image received**, TMF doesn't have your fish image, head back to your log in RECORD CATCH.

If it reads : **ACCEPTED, image received**, TMF has scorechecked your fish.

If it reads : **DISQUALIFIED** : this submission hasn't met the rules of the event.

If you don't see your fish in the scorecard, we don't have it, head back to your LOG in RECORD CATCH to see if it has been sent or not sent (you may need to contact TMF on this).

Where can I find my scorecard & scoreboard?

If you are wanting to check your tally of scores, check EVENT INFORMATION tab on the main page and then you have the scorecard tabs to click

NOTE - in any issue of the above, please do not resubmit data or a fish, this only creates duplicates. If you have queries, please contact the Justin Scott Event Co-Ordinator or Track My Fish team member. (Shirley 0407 161 093 or shirley@info-fish.net).

NOTE – if you submit an incorrect size or species or assign to the incorrect angler, please do not resubmit your data or fish. If this occurs, contact the club Event Co-ordinator/ Track My Fish team member to correct.
